### PROFILE

Enthusiastic Full Stack Developer with a strong foundation in frontend and backend technologies. Excited to apply my knowledge to create dynamic and user-friendly web applications. Eager to collaborate with cross-functional teams and take on new challenges. Adept at leveraging modern frameworks and tools to deliver optimized solutions, with a keen eye for detail and a passion for clean, efficient code. Committed to continuous learning and growth, and driven by a desire to contribute meaningfully to projects that make an impact.

### EXPERIENCE

#### Full Stack Developer at A2Z Infotech (Intern)

July 2023 - Present

- As a Web Developer, I specialized in building dynamic and responsive web applications using React and PHP frameworks like Laravel.
- Integrating frontend and backend services to ensure smooth data flow and real-time updates in applications.
- Collaborated with the development team to improve system functionality, optimize database queries, and ensure seamless user experience.
- Worked closely with the team to improve the user interface and optimize database performance for better user experience.
